INDEX TO THE JOURNAL OF THE INSTITUTION OF ELECTRICAL ENGINEERS

VOLUME I (NEW SERIES) 1955

NOTE. In the index, regular features of the *Journal* are printed in bold type, titles of articles or papers are in italic and authors' names are in capitals.

Papers published in the *Proceedings* are listed in alphabetical order of authors' names under the headings, **Digests of Papers in the Proceedings, Home Events, Monographs published separately this month,** and **Papers published separately this month,** according to the section of the *Journal* in which they are mentioned. They do not, unlike the *Journal* articles proper, appear in the main index alphabetically under title or author of paper. Similarly, the names of deceased Members are given only under the heading **Obituary,** particulars of letters only under **Correspondence,** and particulars of books reviewed only under **Some Recent Books.**
